**DETAILED ACTION**

***Claim Objections***

1. Claims 12 and 20 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. In claim 12, when m is 2, this falls outside of the scope of the invention claimed in the parent claim 1.
2. Claim 12 is objected to because of the following informalities: In claim 12, the line after the formulae states "(1a), (1b), and (1c) below", whereas the formulae appear above this line. Applicant should delete the word "below" and insert "above", or move the formulae below said line in order to correct the claim. Appropriate correction is required.
3. Claims 1-4, 9-11 and 13-19 are allowable over the art of record.
4. Applicant's amendment has overcome the prior art rejections of the previous office action. Applicant has not addressed the objection to the relative position of the formulae and line below such formulae in claim 12. A new objection is presented in view of applicant's amendment.
